### MAORI GOLF SPONSORSHIP - 2010

Congratulations to all the winners and participants in the Maori Golf Tournament, it has been a wonderful week to form new relationships and renew old acquaintances - the golf has been an added bonus.

New Image International is proud to have been a sponsor of the tournament.

New Image International is a proud New Zealand company which has been in business for 25 years and is a world leader in the manufacture and distribution of stem cell enhancing, preventative and regenerative health products. It is also a major sponsor of the Adult Stem Cell Foundation (Australia) a not-for-profit organisation. In New Zealand we are privileged to have Dame Iritana Tawhiwhirangi as the Patron for this organisation. Together we aim to make a major contribution to Maori health in New Zealand.

We would encourage you to watch the Maori Health DVD in your welcome pack, which you received on arrival, when you return home. The DVD features Dame Iritana Tawhiwhirangi, the Chairman of the New Image Group Graeme Clegg, Bruce Lahey Honorary Director of the Adult Stem Cell Foundation of Australia and Chris Perry the International Business Development Manager for New Image International. One of the features of the DVD is a testimonial from Oto Simmonds an ex SAS soldier who after 4.5 months doesn't have to use 10 different types of medication for his diabetes, asthma, high blood pressure and sleeping disorder. He was referred to by his Army colleagues as 'Dead Man Walking'. After 4.5 months he has dropped 35kgs in weight and now uses no medication at all. His Army mates now call him 'Live Man Talking'.

We are aware that Maori are at the bottom end of the scale when it comes to degenerative diseases such as:

- **Diabetes type 1 & 2, Heart Disease, High Blood Pressure, Obesity and Cancer**

Like Dame Iritana Tawhiwhirangi, New Image International has a mission to improve and maintain health not only for this generation of Maori but also for future generations.
